A RESOLUTION

1 **Supporting the introduction and enactment of federal legislation acknowledging that the**
2 **federal government is financially responsible under the Alaska Native Claims Settlement**
3 **Act for the remediation of contaminated land subject to conveyance under the Act;**
4 **urging the United States Department of the Interior to implement the six**
5 **recommendations to identify and clean up the Alaska Native Claims Settlement Act**
6 **lands in its 1998 report to the United States Congress; and urging the President of the**
7 **United States and the United States Congress to remediate and make free from**
8 **pollutants lands in the state conveyed under the Alaska Native Claims Settlement Act.**

9 **BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

10 **WHEREAS** Alaska Native land claims were settled differently in the state than in the
11 rest of the nation when, in the Alaska Native Claims Settlement Act, instead of adopting a
12 reservation system, the federal government established Alaska Native village and regional
13 corporations and granted the corporations ownership and other rights to surface and

1 subsurface land; and

2 **WHEREAS** Alaska Native corporations were created under the Alaska Native Claims
3 Settlement Act to manage land and resources for the benefit of Native shareholders in
4 settlement of certain aboriginal land claims; and

5 **WHEREAS**, under the Alaska Native Claims Settlement Act, the federal government
6 conveyed to many Alaska Native corporations land that was contaminated by the federal
7 government or by activities allowed or overseen by the federal government before the
8 conveyance of the land under the Act; and

9 **WHEREAS**, in 1995, the United States Congress acknowledged that contaminated
10 land was being conveyed to Alaska Native corporations under the Alaska Native Claims
11 Settlement Act and, in sec. 103, P.L. 104-42 (43 U.S.C. 1629f), required the United States
12 Secretary of the Interior to provide a detailed report on contaminated land before conveying
13 the land to Alaska Native corporations and organizations; and

14 **WHEREAS**, in December 1998, the United States Department of the Interior
15 submitted a report to the United States Congress that located approximately 650 contaminated
16 sites on land conveyed under the Alaska Native Claims Settlement Act; and

17 **WHEREAS**, in that report, the United States Department of the Interior proposed six
18 recommendations to "fully identify contaminated sites and clean-up needs of Alaska Native
19 Claims Settlement Act lands"; and

20 **WHEREAS** the United States Department of the Interior has not fully implemented
21 any of the six recommendations it proposed to the United States Congress; and

22 **WHEREAS** Alaska Native corporations, as landowners, are subject to liability under
23 federal and state law for the contaminated condition of their land; and

24 **WHEREAS** several Alaska Native corporations have incurred considerable expense
25 cleaning up contaminated sites, negotiating land exchanges, and battling with the federal and
26 state governments to clean up sites on a case-by-case basis; and

27 **WHEREAS**, in recognition of this problem, United States Representative Don
28 Young, on the floor of the United States House of Representatives on January 4, 1995, stated,
29 "it was clearly not the intention of ANCSA to extinguish Native claims by conveying
30 contaminated property to recipients";

31 **BE IT RESOLVED** that the Alaska State Legislature supports the introduction and

1 enactment of federal legislation acknowledging that the federal government is financially
2 responsible under the Alaska Native Claims Settlement Act for the remediation of
3 contaminated land subject to conveyance under the Act; and be it

4 **FURTHER RESOLVED** that the Alaska State Legislature urges the United States
5 Department of the Interior to fully implement the six recommendations to identify and clean
6 up Alaska Native Claims Settlement Act lands in its 1998 report to the United States
7 Congress; and be it

8 **FURTHER RESOLVED** that the Alaska State Legislature urges the President of the
9 United States and the United States Congress to take the actions necessary to remediate and
10 make free of contamination and environmental pollutants lands in the state conveyed under
11 the Alaska Native Claims Settlement Act.

12 **COPIES** of this resolution shall be sent to the Honorable Barack Obama, President of
13 the United States; the Honorable Sally Jewell, United States Secretary of the Interior; the
14 Honorable Lisa Murkowski, Chair of the Energy and Natural Resources Committee of the
15 U.S. Senate; the Honorable Maria Cantwell, ranking member of the Energy and Natural
16 Resources Committee of the U.S. Senate; the Honorable Rob Bishop, Chair of the Natural
17 Resources Committee of the U.S. House of Representatives; the Honorable Kevin K.
18 Washburn, Assistant Secretary of Indian Affairs, United States Department of the Interior;
19 Neil Kornze, Director, Bureau of Land Management, United States Department of the
20 Interior; Weldon Loudermilk, Director, Alaska Region, Bureau of Indian Affairs, United
21 States Department of the Interior; Kim Elton, Director, Alaska Affairs, United States
22 Department of the Interior; and the Honorable Dan Sullivan, U.S. Senator, and the Honorable
23 Don Young, U.S. Representative, members of the Alaska delegation in Congress.
