## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2015 LEGISLATIVE SESSION

## Analysis

HB 39 establishes an advisory committee on wellness in the Department of Administration and requires the Department to focus on wellness in an effort to limit the annual increase in health care costs for State of Alaska Employees/Dependents covered under AlaskaCare, Participating Political Subdivision Employees/Dependents, and AlaskaCare Retirees/Dependents to less than 2%.

The wellness committee would consist of at least seven volunteer members appointed by the Commissioner of the Department of Administration. The committee would make recommendations to the Commissioner of Administration regarding to adoption of wellness initiatives to improve the health of State of Alaska Employees/Dependents covered under AlaskaCare, Participating Political Subdivision Employees/Dependents, and AlaskaCare Retirees/Dependents.

HB 39 also requires, to the extent legally and reasonably practicable, the Department of Administration shall work to hold the escalation of health care cost growth to less than 2% for health insurance plans administered or purchased by the Department.

The costs associated with the creation of the committee and coordinating committee meetings would be minimal and absorbed in the cost of normal business for the Department. The costs of specific initiatives recommended by the advisory committee on wellness, some of which could be substantial, cannot be estimated at this time. Therefore, the Department submits a zero fiscal note.
