FISCAL NOTE ANALYSIS

STATE OF ALASKA
2015 LEGISLATIVE SESSION**Analysis**

This legislation adds a new section to the Code of Military Justice establishing AS 26.05.380 Regulations adopting code of military justice for members of the militia of the state not in federal service and establishes a military court for members of the militia who are charged with a military offense.

Section 26.05.428 identifies the requirements regarding the confinement, receiving and reporting of prisoners. This section will require reporting of those confined within a correctional facility within 24 hours. The department currently has a process for reporting of all persons held in a correctional facility including: military, federal, municipal, city and state holds, therefore this section will have no fiscal impact to the department.

Section 26.05.513 establishes punishments and maximum limits for military offenses and identifies those where the sentence exceeds one-year as a felony offense and with the exception of convictions by a summary court martial, all other military offenses are misdemeanors. The department is unable to quantify any increases to the offender population for those that could be charged under this legislation, however, if passed, the department will monitor and track for future fiscal impacts.
