FISCAL NOTE ANALYSIS

STATE OF ALASKA
2016 LEGISLATIVE SESSION**Analysis**

This legislation excludes contractors and employees of contractors from participation in the Public Employees' Retirement System (PERS) defined benefit and defined contribution plans. It adds clarifying language to the PERS defined contribution definition of "member" to expressly exclude persons compensated on a contractual or fee basis. The legislation also adds clarifying language to the definition of "membership service" to mean part-time or full-time employment by a member or employee with an employer in the plan.

The PERS is currently administered to exclude contractors or persons compensated on a contractual or fee basis based on Internal Revenue Service rules. Therefore there is no cost to implement this legislation.
