Approved By:	Mary Siroky	Date:	03/19/16
Agency:	DOT&PF		

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2016 LEGISLATIVE SESSION**Analysis**

This legislation would ban smoking in enclosed areas of the Fairbanks International Airport terminal and the Ted Stevens Anchorage International Airport terminal as well as within airport fuel facilities. It also prohibits smoking in other enclosed areas in a place of employment at these airports.

Title 17 currently prohibits smoking within 50 ft of an aircraft on airport property. The international airports follow municipal codes prohibiting smoking in public buildings and displays signage and have periodic public address system announcements in the terminals.

Currently smokers are provided with a designated outside smoking area adjacent to the terminals, but away from any building entrances. Additionally, a smoking room equipped with ventilation is provided in the North Terminal of the Ted Stevens Anchorage International Airport for passengers that deplane and cannot leave the terminal secure area before re-boarding their through-flight (some international flights and military charters).

Lines 27 and 28 of page 4 require the Dept of Health & Social Services to furnish any new signs the Department might need in the future at no cost to the Department.
