FISCAL NOTE ANALYSIS

STATE OF ALASKA
2016 LEGISLATIVE SESSION

Analysis

The Committee Substitute (State Affairs) for the Sponsor Substitute for Senate Bill 1 repeals a number of current statutes under the article captioned "Regulation of Smoking in Public Facilities" (AS 18.35.300-.330, .355, and .365), adopts new provisions, and amends other provisions that regulate smoking. The bill would prohibit smoking in more public places and in more circumstances than are regulated in the current statutes.

CSSSSB 1 provides that the Department of Health and Social Services may file civil complaints in the district court to enforce the law, and may issue citations for certain offenses established by the bill (section 3). In Section 8, AS 18.35.341(d) requires the Supreme Court to establish a schedule of bail amounts for violations of offenses established in the bill.

The court system is unable to predict the number of new civil complaints that may be filed under CSSSSB 1 alleging violations of the prohibitions on smoking, or the number of new citations that may be filed with the court under the bill. Nonetheless, the court system anticipates that the number of new case filings and the number of additional citations that will result from this bill will be relatively small, and that the courts can absorb the additional workload without fiscal impact. In addition, the Supreme Court currently has in place a schedule of bail amounts for smoking violations, and anticipates that it can amend that schedule as required under section 8 without fiscal impact. The court system therefore submits a zero fiscal note.
