## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2016 LEGISLATIVE SESSION

## Analysis

**Analysis/Assumptions:**

This version of SB1 identifies the Commissioner of the Department of Environmental Conservation as responsible to implement and enforce a statewide smoking prohibition in an expanded list of enclosed public spaces. The bill allows the Commissioner to adopt regulations for filing, processing, and investigating reports of violations of the smoking prohibition, which may include filing complaints and issuing citations. This bill also expands the definition of "smoking" to include the use of electronic cigarette devices. The bill subjects a person who is in charge of a place where smoking is prohibited to a requirement to display specific signage and requires the department to furnish signs to any person who requests them. This bill also requires the Department to provide the public access to a program educating the owners of these public spaces of the requirements of the bill.

This is a zero fiscal note. The department is currently responsible for enforcing Article 3, and the department believes the expanded requirements can be accomplished with existing resources.
