STATE OF ALASKA
2015 LEGISLATIVE SESSION

BILL NO. SB 05

Analysis

If enacted into law, as drafted, would specify that court orders of restitution entered on behalf of victims of crime against defendants shall include loss of income as a category of loss and require the courts to measure loss of income according to the market value of the property at the time and place of the offense, or, if that is not reasonably ascertainable, then to set restitution according to the replacement value of the lost or damaged property.

The Act would have a foreseeable impact on the clients of the Office of Public Advocacy who are made subject to payment of restitution in criminal cases under restitution orders. The Act would not impact or affect the operations or activities of the Office of Public Advocacy.
