FISCAL NOTE ANALYSIS**STATE OF ALASKA
2015 LEGISLATIVE SESSION****Analysis**

Section 2(a)(6) of the bill directs the Department of Health and Social Services (DHSS) to reduce the cost of behavioral health services provided to recipients of medical assistance under the state's home and community based services waiver. Behavioral Health will accomplish this by working with the Centers for Medicare and Medicaid Services to elect the Section 1915(i) option. This option will provide funds to cover services provided to Medicaid-eligible adults with demonstrated behavioral health needs that result in multiple admissions to inpatient or residential care. The population includes homeless, those re-entering from incarceration, and others who intermittently use services. These services are currently provided through behavioral health grants with 100% general funds. The Department anticipates that behavioral health grants will be reduced through the 1915(i) option beginning in FY2018 by the following amounts: FY2018 -\$3,456.6, FY2019 -\$3,484.3, FY2020 -\$3,867.6, FY2021 -\$3,898.5.

Specific services that are currently funded through General Fund grant dollars , but are eligible for Medicaid reimbursement will be transitioned to Medicaid reimbursement as grant funds decrease. Grants will not be completely eliminated as some services provided through grants are not reimbursable through Medicaid.
