FISCAL NOTE ANALYSIS

STATE OF ALASKA
2016 LEGISLATIVE SESSION**Analysis**

This legislation will require changes to the Time Accounting module within the department's Alaska Corrections Offender Management System and to the Victim Information Notification System.

Probation and Parole incentive reductions

This section allows probationers to receive earned compliance credit when the probationer successfully complies with all conditions of probation or parole allowing for early termination. This will require revisions to the department's current inmate time accounting system.

Board of Parole

This section establishes automatic Administrative Parole allowing offenders a limited category of automatic release without a hearing if the prisoner has met the conditions of imprisonment, is not excluded by court order, has agreed to the conditions of parole, the victim does not request a hearing, and the prisoner has met the requirements of the case plan. This section is anticipated to reduce the overall institutional population and is included in the department's population projections.

Revisions to both the department's Victim Information Notification (VIN) System and the Time Accounting System will be required with this legislation and one-time funding is anticipated to be approximately \$1,500.0 to meet the necessary changes.

This request is reflected in the Department's FY2017 Capital Budget request.
