**Seventy-eighth Day**

Pursuant to adjournment the Senate was called to order by President Meyer at 11:05 a.m.

The roll showed twenty members present.

The prayer was offered by the Chaplain, Senator Coghill. Senator Hoffman moved and asked unanimous consent that the prayer be spread. Without objection, it was so ordered.

Almighty God, creator of all we see and feel, maker of all life and giver of great love to every person.

We come before you today with grateful hearts, to be able to serve the people of our state, for the strength of body and heart we enjoy and this form of government we are a part of.

We look to you for guidance in clarity of mind and wisdom of heart in order to do well for our friends and neighbors.

We honor those who have gone before us and left us a good heritage, those who sacrifice to serve in our armed services and those who keep us safe at home.

Our time here is short in comparison to history, so help us to work diligently as if it may be our last day on earth, and look to the next generation for their good.

Our burden for today is carried for this year's needs, help us to bear it with honesty, patience and noble debate as we work to do our best for people.

I thank you for the Senators I get to serve with and ask you to bless them with your grace and love today.

As we start the work of today help us to clear our mind and hearts from bad feelings and thoughts so we can with your peace do the business of the day for the people we serve.

I pray this in the name of Jesus Christ the risen Savior. Amen.

Senator Stedman led the Senate in the Pledge of Allegiance.

Governor's transmittal letter dated April 6:

Dear President Meyer:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the assessment of property for the property tax for a North Slope natural gas project.

Due to the achievements by the Municipal Advisory Gas Project Review Board and the Alaska Liquefied Natural Gas project, it is time to move forward with legislation to address the property tax on a North Slope natural gas project. Revenues from the property tax on a North Slope natural gas project are anticipated to provide vital support for the State and local governments to establish sustainable fiscal platforms.

The bill would provide a framework for the assessment of property tax on a North Slope natural gas project once the project begins to transport gas. The assessment for property exclusively used for a North Slope natural gas project would be based on the full and true value of the property determined by adjusted original cost and annualized throughput. The bill would define a North Slope natural gas project for the purposes of the property tax to include a gas treatment plant, a gas pipeline, a liquefaction plant, and a marine terminal. Consistent with the concerns expressed by local governments and legislative direction last year, the property tax on existing North Slope oil and gas and pipeline properties would be unchanged by this bill.

There is still much work to be done before this all-important project can be built. This bill demonstrates my administration's continued commitment to building a gasline to provide gas to Alaskans and liquefied natural gas to world markets. I urge your prompt and favorable action on this measure.

Sincerely,  
/s/  
Bill Walker  
Governor
