Chair Kelly called the meeting to order.

Chair Kelly communicated that the conference committee would be meeting on HB 256 and HB 257 open items. He noted that Limited Powers of Free Conference had been granted by both the Senate and the House.

Representative Gara stated that it was his intention to object to some items, but for purposes of expediency he did not want a roll call vote on all the items he objected to. He clarified that the removal of his objection [for the purpose of not calling a vote] would not signify his support for the item in question.

Chair Kelly appreciated the idea, and asked Representative Gara to indicate if he wanted to take a break for more discussion on individual items, or if he wanted a vote on the item in question.

Chair Kelly communicated that departments with open items would be taken up based on the motion sheets distributed to members earlier in the day and dated April 14, 2016. He specified that the committee could be addressing the following departments: Department of Environmental Conservation, Department of Labor and Workforce Development, Department of Law, Department of Public Safety, and the University of Alaska.

He continued that the House had added an additional \$35 million cut (to total \$50 million in cuts) to the University general fund, which was almost 20 percent of the university's general fund. His concern was that the state was building a university that people would not want to go to, and talent would be lost. He pointed out that the University generated grant funds

and outside funds. He reiterated his opposition to the amount of the cut.

Representative Gara MAINTAINED his OBJECTION. He asked that the committee consider holding Item 10.
