2 Insert a new subsection to read:

3 "(c) It is the intent of the legislature that the Department of Commerce, Community,
4 and Economic Development be eliminated and its essential services be transferred to
5 appropriate divisions in other executive branch departments. It is the intent of the legislature
6 that the governor propose the necessary legislation for consideration by the Thirty-First
7 Alaska State Legislature after the reorganization process begins. This should result in
8 administrative savings, as well as elimination of administrative, director, and commissioner
9 positions."
