11 **information.** (a) A health care provider in the state and a health care facility in the
12 state shall annually compile a list, by procedure code, including a brief and easily
13 understandable description, of the top 25 health care services from each of the six
14 sections of Category I, Current Procedural Terminology, adopted by the American
15 Medical Association that a prudent person would consider of value in the management
16 of their own affairs and the price for each service, including any discounts that may be
17 applicable.

18 (b) A health care provider and health care facility shall publish the lists
19 compiled under (a) of this section by January 31 each year

20 (1) by providing the list to the department for posting on the
21 department's public database under AS 18.15.360;

22 (2) by posting a copy of the list in a conspicuous public reception area
23 at the health care provider's office or health care facility where the services are

26 website, by posting the list on the website.

27 (c) A health care provider and health care facility may include a disclaimer in

29 may be higher or lower than the amount listed.

30 (d) The department shall compile and annually update the lists provided under
31 (a) of this section by health care service and, where relevant, health care provider and

1 health care facility name and location, and post the information on the department's
 2 Internet website and enter the information in the database maintained under
 3 AS 18.15.360.

4 (e) If a health care provider or health care facility in the state performs fewer
 5 than 25 health care services in the state from each of the six sections of Category I,
 6 Current Procedural Terminology, adopted by the American Medical Association in the
 7 annual reporting period under this section, the provider or facility shall provide a list
 8 of all of the health care services from each of the six sections of Category I, Current
 9 Procedural Terminology, performed by the provider or at the facility.

10 (f) A health care provider or health care facility that fails to comply with the
 11 requirements of this section is liable for a civil penalty. The department may impose a
 12 civil penalty of not more than \$50 for each day after March 31 that a health care
 13 provider or health care facility fails to provide and post information as required under
 14 (b) of this section. The total penalty may not exceed \$2,500. A person penalized under
 15 this subsection may file an appeal with the superior court for judicial review of the
 16 penalty under AS 44.62.560.

17 (g) If a health care provider or health care facility chooses to pay the
 18 maximum penalty instead of complying with the requirements of this section, the
 19 department shall disclose to the public that the health care provider or health care
 20 facility has failed to make a disclosure in violation of this section.

21 **Sec. 18.23.405. Cost estimates for health care services.** (a) Upon written
 22 request of a patient or the patient's authorized agent, a health care provider shall
 23 provide the patient or agent with a comprehensive, good faith estimate of the total
 24 charges for a health care service that the patient is receiving or has been recommended
 25 to receive if the total charges exceed \$250. The health care provider shall provide the
 26 estimate of total charges within five business days after receiving the written request
 27 and any additional information needed to provide a comprehensive estimate of total
 28 charges.

29 (b) The estimate of total charges must indicate,
 30 (1) if known, the network status of the health care provider under an
 31 insured patient's health care insurance plan;

1 (2) if known, whether the health care services of another health care
 2 provider are necessary or recommended to complete the health care service being
 3 recommended or provided; and

4 (3) if health care services from another provider are necessary or
 5 recommended for the health care service being recommended or provided, that the
 6 patient or the patient's authorized agent must make a separate request to the other
 7 health care provider for

8 (A) an estimate of the charges for health care services to be
 9 provided by the other health care provider; and

10 (B) information on the network status of the other health care
 11 provider under an insured patient's health care insurance plan.

12 (c) If the patient is uninsured, the health care provider shall

13 (1) include in the estimate of total charges any financial assistance
 14 available to the patient from the health care provider; and

15 (2) direct the patient or the patient's authorized agent to Internet
 16 websites, if available, that provide information about standard charges for the type of
 17 health care provider that provides the health care service.

18 (d) The patient or the patient's authorized agent may request that the
 19 information required under this section be provided in writing or electronically.

20 (e) The estimate of total charges

21 (1) must represent a good faith effort to provide accurate information
 22 to the patient or the patient's authorized agent;

23 (2) is not a binding contract between the parties; and

24 (3) is not a guarantee that the estimate of total charges will be the
 25 amount actually charged or will account for unforeseen conditions.

26 (f) This section does not apply to health care services provided for the
 27 treatment of an emergency medical condition or for the treatment of an emergency
 28 medical condition that results in hospitalization.

6 **Sec. 21.96.200. Access to payment information.** A health care insurer shall
7 establish an interactive mechanism for use by a covered person on the publicly
8 accessible Internet website of the health care insurer that allows a covered person to
9 request and obtain from the health care insurer, or a designated third party,
10 information on the payments made by the health care insurer to network health care
11 providers for health care services. The interactive mechanism must allow a covered
12 person seeking information about the cost of a particular health care service to
13 compare prices among network health care providers for the incentive program under
14 AS 21.96.210.

15 **Sec. 21.96.205. Estimate of out-of-pocket expenses.** (a) Upon request of a
16 covered person, within five working days, a health care insurer shall disclose a good
17 faith estimate of the amount of out-of-pocket expenses that the covered person will be
18 responsible to pay for a nonemergency health care service that is a medically
19 necessary benefit covered by the health care insurance plan of the covered person,
20 including any copayment, coinsurance, or other out-of-pocket amount, based on the
21 information available to the health care insurer at the time of the request.

22 (b) Nothing in this section prohibits a health care insurer from imposing the
23 cost-sharing requirements disclosed under the health care insurance plan of the
24 covered person for unforeseen health care services or additional costs that arise out of
25 the nonemergency health care service or services that were not included in the
26 estimate provided under (a) of this section.

27 (c) The health care insurer shall disclose to the covered person that an estimate
28 provided under (a) of this section is an estimated cost and that the actual amount that
29 the covered person will be responsible to pay may vary because of unforeseen health
30 care services or additional costs that arise out of the nonemergency health care service
31 or services.

1 **Sec. 21.96.210. Incentive program.** (a) A health care insurer shall develop
2 and implement a program that provides an incentive for a covered person enrolled in a
3 health care insurance plan to elect to receive a health care service that is covered under
4 the health care insurance plan from a health care provider that charges less than the
5 average price paid by the health care insurer for that health care service. At a
6 minimum, a health care insurer shall include the following categories of health care
7 services, and any other categories adopted by the director by regulation, in the health
8 care insurer's incentive program:

- 9 (1) physical and occupational therapy services;
- 10 (2) obstetrical and gynecological services;
- 11 (3) radiology and imaging services;
- 12 (4) laboratory services;
- 13 (5) infusion therapy;

- 18 (10) outpatient nonsurgical diagnostic tests or procedures.

19 (b) A health care insurer shall provide an incentive as a cash payment to the
20 covered person as provided under this subsection. An incentive may be calculated as a
21 percentage of the difference in price, as a flat dollar amount, or by some other
22 reasonable methodology adopted by regulation. If a covered person receives coverage
23 under a group health insurance policy offered by an employer, an incentive must
24 provide a covered person with at least 33.4 percent of the savings for the health care
25 insurer resulting from the covered person's election to receive a health care service
26 from a health care provider that charges less than the average price paid by the health
27 care insurer for that health care service, and the employer shall receive at least 33.3
28 percent of the savings resulting from the covered person's election. If a covered person
29 receives coverage under a health insurance policy offered in the individual market, an
30 incentive must provide a covered person with at least 50 percent of the savings for the
31 health care insurer resulting from the covered person's election.

1 (c) A health care insurer shall base the average price for a health care service
 2 under this section on the average amount paid to in-network health care providers for
 3 the health care service within a reasonable period of time, but not to exceed one year.

4 **Sec. 21.96.215. Availability of program; notice.** A health care insurer shall
 5 make an incentive program under AS 21.96.210 available as a component of all health
 6 care insurance plans offered in this state. Annually, at enrollment or renewal, a health
 7 care insurer shall provide notice about the availability of the program to any person
 8 covered under a health care insurance plan eligible for the program.

9 **Sec. 21.96.220. Filing requirements.** Before offering an incentive program
 10 under AS 21.96.210, a health care insurer shall file a description of the program with
 11 the director in the manner determined by the director. The director may review the
 12 filing to determine whether the incentive program complies with the requirements of
 13 AS 21.96.200 - 21.96.300.

14 **Sec. 21.96.225. Out-of-network health care providers.** If a covered person
 15 participates in an incentive program under AS 21.96.210 and elects to receive a health
 16 care service listed under AS 21.96.210(a) from an out-of-network health care provider
 17 that results in a savings for the health care insurer, the health care insurer shall apply
 18 the amount paid for the health care service toward the cost sharing owed by the
 19 covered person as specified in the applicable health care insurance plan as if the health
 20 care services were provided by an in-network health care provider.

21 **Sec. 21.96.230. Classification as administrative expense.** An incentive
 22 program payment made under AS 21.96.210 is not an administrative expense of the
 23 health care insurer for rate development or rate filing purposes.

24 **Sec. 21.96.235. Reporting requirements.** (a) A health care insurer shall
 25 annually file a report with the director relating to an incentive program under
 26 AS 21.96.210 for the most recent calendar year that includes

 28 (2) information on the use of the incentive program by category of
 29 service;
 30 (3) the total amount of incentive program payments;
 31 (4) the average amount of each incentive program payment for each

1 category of service;

2 (5) the total savings achieved below the average price of the health
3 care service in each category of service; and

4 (6) the total number and percentage of covered persons who
5 participated in the incentive program.

6 (b) Annually, by April 1, beginning April 1, 2019, the director shall submit an
7 aggregate report for all health care insurers with the information required under (a) of
8 this section to the chairs of the committee in each house of the legislature with
9 jurisdiction over labor and commerce.

28 specifically provided by statute, a municipality may not enact or enforce an ordinance
29 regulating the disclosure or reporting of price information for health care services by
