FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION**Analysis**

AS 14.11.008 establishes the time period for districts to satisfy their participating share be within 36 months of passage of the funding bill. This requirement has, on several occasions, become a challenge (e.g., GR 03-003 Tuluksak (waiver request), GR12-007 Arctic Village Remediation (project delay), GR 16-016 Kivalina (partial funding)).

This bill introduces new language which identifies two exceptions in regards to the participating share: one existing regarding the amount (subsection d), and an extension in time to meet this requirement (new subsection g). The bill requires a district to apply in writing to request an extension and to demonstrate good cause for the requested extension.

The stated time period for meeting the current requirement of within 36 months seems to establish the legislative intent that the participating share need not be provided at grant initiation, but can occur over the course of a project. In instances where projects experienced a legitimate delay in participation that did not jeopardize the project, the time limit could be resolved by giving the commissioner authority to extend the date when necessary.
