FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

Analysis

Child Support Services Division:

The Child Support Services Division has 196 employees who will be fingerprinted in the first year, and approximately 32 employees each subsequent year. Every 10 years, background checks must be renewed. Background checks would be conducted on all current and new employees at a cost of \$47 for each completed investigation.

The Child Support Services Division is authorized by the Federal Income Tax Refund Offset Program (P.L. 93-647) to recover delinquent child support debts from intercepted tax returns. This remedy involves the interaction of all IV-D state child support agencies and three federal agencies – the Office of Child Support Enforcement, the Bureau of the Fiscal Service, and the Internal Revenue Service.

The intercept program is a successful collection tool. This program collected over \$44,000,000.00 in federal tax return intercepts over the past five years. Passage of this bill will allow the Alaska Child Support Services Division to remain in compliance with IRS requirements, and to continue to intercept IRS refund payments for families.

In addition to the intercepted returns, state IV-D agencies are required to maintain a State Parent Locator Service to provide location information to the Federal Parent Locator Service (FPLS) which is available to authorized persons for authorized uses. The FPLS contains federal taxpayer information. All IV-D agencies have access to the FPLS to locate parents.
