FISCAL NOTE ANALYSIS

STATE OF ALASKA
2016 LEGISLATIVE SESSION**Analysis**

HB385 directs municipalities to require installation of enhanced 911 systems when system operators upgrade or install multi-line telephone systems unless otherwise provided by ordinance. The bill also requires operators of multi-line telephone systems that are exempt from the enhanced 911 requirement to post prominent instructions explaining how to reach 911.

The Division of Community and Regional Affairs does not anticipate fiscal impact from this legislation.
