FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION**Analysis**

This bill would allow the Attorney General to schedule substances by emergency regulation. Before scheduling a substance, the Attorney General would need to assess the danger of the substance, consult with the Controlled Substances Advisory Committee, and make certain written findings, set out in proposed AS 11.71.125. A substance scheduled by emergency regulation could remain on the schedule (through regulation) for not longer than 720 days. The Attorney General would be authorized to make the regulation permanent using the process of the Administrative Procedure Act (AS 44.62) within the 720-day period.

The Department of Law cannot predict how often the Attorney General would schedule a substance through the emergency regulation process set out in the bill, but expects it would be infrequent and that additional staff is not needed. Therefore, the Department of Law does not anticipate a fiscal impact if the bill becomes law.
