FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

Analysis

Passage of this legislation would amend AS 37.13 and change the way permanent fund dividends are calculated.

The reduction in the CY2016 dividend amount from an estimated \$2,072.00 to \$1,022.00 significantly reduced the amount of PFD Criminal Funds available to the Department of Corrections Physical Health Care component for FY2018.

As a result, a fund source change of \$9,103,600.00 from the PFD Criminal Fund to the Alaska Capital Income Fund is requested in the FY2018 Governor's budget in order to maintain the necessary level of funding for inmate health care.

The Department of Corrections Physical Health Care component receives a portion of the \$12,613,524.00 PFD Criminal Funds available which is based on a fluctuating annual PFD amount and the number of persons deemed ineligible during the appropriate year. For FY2018 the \$12,613,524.00 available is based on the CY2016 annual PFD amount of \$1,022.00 and an estimated 12,342 individuals deemed ineligible under AS 43.23.005(d). The portion of PFD Criminal Funds available to Corrections for FY2018 is \$11,191,000.00 after the \$1,422,500.00 proposed deposit into the Crime Victim Compensation Fund.

This legislation would set a dividend amount of \$1,000.00 for three next three years with a Percent of Market Value (POMV) set at 5.25% of the value of the Permanent Fund. In fiscal year 2021 the POMV would reduce to 5% and the dividend payout would be calculated at 25% of the POMV draw.

Using the Office of Management and Budget projection model and the same number of individuals identified as ineligible this legislation would adjust the amount of future PFD Criminal Funds available to the Department of Corrections for inmate health care requiring fund source changes as follows:

FY2019, FY2020 and FY2021 are projected to be the same based on a dividend amount of \$1,000.00 for CY2018, CY2019 and CY2020 which would reduce the amount of PFD Criminal Funds available by \$271,500.00 each year requiring the continuation of \$9,375,100.00 from another fund source, proposed from the Alaska Capital Income Fund.

Future fund source changes may be necessary for FY2022 and FY2023 based on the fluctuating annual PFD amounts, the number of persons deemed ineligible, and the POMV; therefore, actual amounts cannot be projected at this time and the necessary changes for these fiscal years are indeterminate.
