FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

Analysis

This bill creates violations for certain fish and game offenses; amends fines relating to hunting and commercial fishing violations; and allows lost federal matching funds from Pittman-Robertson and Dingell-Johnson/Wallop-Breaux programs to be included in an order of restitution. The bill would allow the court or municipality to dismiss a citation for a person sport fishing, hunting, or trapping without a licenses in their physical possession upon proof of compliance.

These violations, amendments to fines, change in order of restitution, and allowing for citation dismissal have the potential to increase revenue that flows into the Fish and Game fund, which is a dedicated fund; however, it does not change the amount of money that the department is authorized to spend. Therefor, while this bill may increase the fund balance, it does not increase the department's budget.

AS 16.05.110(b) stipulates how these types of revenues are received:

Except for money received as fisheries fines or forfeitures in settlement of a claim or loss caused by damage to the fish resources of the state that is appropriated to or through the Division of Commercial Fisheries management and development, appropriations of money from the Fish and Game fund and of money received by the state under the federal aid acts described under AS 16.05.140 shall be made to the Division of Wildlife Conservation or the Division of Sport Fish. The Division of Wildlife Conservation or the Division of Sport Fish may use money appropriated under this subsection to acquire administrative and other services from other agencies if the division acquires the services through reimbursable services agreements. The Division of Wildlife Conservation and the Division of Sport Fish shall include as part of their budgets prepared under AS 37.07.050.
