FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

Analysis

Analysis/Assumptions:

This bill would transfer duties relating to regulation of smoking from the Department of Environmental Conservation (DEC) to the Department of Health and Social Services. DEC's recent application of these statutes has been limited to providing information to the public regarding intent and provisions of the law, recommending corrective actions and methods to comply with the legal requirements, providing signs upon request, and recording any failure to post required signs on routine inspection reports at retail food facilities. The result would have no fiscal impact to DEC.

Technical edits to existing DEC regulations would be completed as time allows with existing resources.
