FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION**Analysis**

SB71 adjusts the Commercial Fishing Revolving Loan Fund (CFRLF) to allow larger loans for Limited Entry Permits, Individual Fishing Quota (IFQ), vessel purchases, and tender vessel upgrades. The greatest impact for the users of the program is the increase from \$100,000 to \$200,000 for vessel purchases. This will help to assist young Alaskans entering the fisheries. However, with the overall program limit remaining at \$400,000, any revenue generated by this change or expense is expected to be within the normal operational variance of the fund resulting in no change in revenues.

This legislation would not create the need for a regulations project and could be implemented as allowed by statute. The Division of Economic Development does not anticipate fiscal impact from this legislation.
