FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

Analysis

SB92 adds a new section 23 to AS 30.30.090 Derelict Vessels which creates the derelict vessel prevention program fund. The funds do not lapse, and may be used by the Department of Natural Resources for the purposes of the fund without further appropriation. The funding mechanism under this section identifies two new revenue sources from barge registrations and boat titling.

Section 6 of the bill amends AS 05.25.096, and requires the Department of Administration to account for these new fees for the purpose of carrying out the derelict vessel program. These new fees are estimated to generate \$226,650 in the first half-year of the program and \$453,340 per year for the next two years.

The fund consists of money appropriated to the fund, including donations, money received from the sale of a vessel under this legislation, income from the fund and other program receipts, money collected under AS 05.25.096 (a)(5) and (6) and civil penalties collected under AS 30.30.015.
