FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

Analysis

The proposed legislation increases the criminal charges and penalties for possession and distribution of large quantities of controlled substances. The changes would apply to juveniles under the jurisdiction of the Department of Health and Social Services, Division of Juvenile Justice, however the penalty provisions do not apply to juveniles. The division will continue to provide services to juvenile offenders charged with these offenses based upon their individual needs and risk to reoffend.

The bill also makes a conforming amendment to juvenile justice confidentiality statute which authorize the department to release, upon request, otherwise confidential information for juveniles who commit certain offenses.
