FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION**Analysis**

This bill amends AS 14.25.420(a) and AS 39.35.820(a) to remove the list of disbursement options from statute and move the options to regulations. New language removes the list of disbursement options and replaces it with general language authorizing a lump sum payment of the entire balance or a periodic payment option authorized by the regulations.

This change will allow more flexibility to the Plan Administrator, with adoption by the Alaska Retirement Management Board, to add new options as they become available and are of benefit to participants. Future disbursement options will go through the regulatory process with public notice to all stakeholders and interested parties.

This legislation will have no actuarial impact to the TRS or PERS since any costs incurred when electing a distribution option is borne by the participant. Therefore, the agency submits a zero fiscal note.
