FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

Analysis

This bill adds a section to AS 17.20 that prohibits a retail food establishment from misrepresenting on a menu the identity or origin of seafood or a seafood ingredient in a prepared food product. There are already existing statutes and regulations that address labeling and advertisement of food products that require the Department of Environmental Conservation to take action if any food is misrepresented on a menu. This legislation would not change the work the Department is already doing and would have no fiscal impact.
