Agency:	Division of Administrative Services, DCCED		

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2016 LEGISLATIVE SESSION

Analysis

SB215 provides that municipalities may by ordinance require installation of enhanced 911 systems when system operators upgrade or install multi-line telephone systems.

The bill mandates that an operator of a multi-line system that does not allow for direct 911 dialing, and is not required by ordinance to install enhanced 911, posts a prominent notice instructing callers how to reach 911.

The Division of Community and Regional Affairs does not anticipate fiscal impact from this legislation.
