HB 286

Message dated June 13 was received stating:

Dear President Kelly:

I have signed, with line item vetoes, the following bill passed during the second session of the Thirtieth Alaska State Legislature and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

CONFERENCE CS FOR HOUSE BILL NO. 286
"An Act making appropriations for the operating and loan program expenses of state government and for certain programs; capitalizing funds; amending appropriations; making supplemental appropriations; making appropriations under art. IX, sec. 17(c), Constitution of the State of Alaska, from the constitutional budget reserve fund; and providing for an effective date."

Chapter No. 17, SLA 2018
[Effective Date: See Chapter]

As passed by the Legislature, CCS HB 286 contains a total of \$9.4 billion, including \$5.2 billion in unrestricted general fund appropriations for FY2018 and FY2019. This total includes \$1.0 billion for a dividend of \$1,600 to every Alaskan.

The passage of SB26, allowing for a sustainable draw from the Permanent Fund Earnings Reserve, is a critical component of making these operating budget appropriations possible. I commend you and your fellow legislators on working together with my staff to solve 80 percent of the state deficit over the past 3 years. While significant progress has been made in closing the fiscal gap, an ongoing deficit is projected and the state will continue to face budget constraints.

I am encouraged to see even under the constrained budget that many priorities such as public safety investments and modest education increases for both K-12 and the university education are included in the budget. As a result, I have made limited use of my line item veto power. In order for the State of Alaska to emerge successfully from this fiscal crisis, the principles of a sustainable draw from the earnings reserve – as laid out in the Permanent Fund Protection Act (SB26) – must never be violated. Section 30 of this bill allowed for a situation that would have abandoned those principles and drawn from the Permanent Fund Earnings Reserve at a level far beyond what is sustainable for the future security of the state and the dividend program. Although a three-quarter super majority vote was secured to avoid the overdraft, merely including a mechanism that allows for an overdraft is unacceptable for Alaska's future and a precedent that cannot be set.

Additionally, I have vetoed one item added during the legislative process: \$499.0 thousand for a study on vitamin D by the University of Alaska. While the intention of this study has merit, similar research is currently in progress. A new study should be postponed until ongoing research is completed and the conclusions are understood.

My administration remains committed to providing any assistance necessary to enact the remaining tenets of a long-term, sustainable fiscal plan that is balanced and fair. Remaining savings, after the \$14.5 billion drawn since 2013, will not last long and all Alaskans need to embrace a vision for the state that provides priority government services, maintains infrastructure in a state of good repair, educates our children and creates an environment where businesses want to invest in and grow the economy.

I appreciate that Alaskans and investors now have greater certainty and confidence in Alaska's future.

Sincerely,
/s/
Bill Walker
Governor

HB 285

Message dated June 13 was received stating:

Dear President Kelly:

I have signed the following bill passed by the second session of the Thirtieth Alaska State Legislature and am transmitting the engrossed and enrolled copies to the Office of the Lieutenant Governor for permanent filing:

CONFERENCE CS FOR HOUSE BILL NO. 285
"An Act making appropriations for the operating and capital expenses of the state's integrated comprehensive mental health program; and providing for an effective date."

Chapter 18, SLA 2018
[Effective Date: 7/1/18]

As passed by the Legislature, the bill contains operating and capital appropriations for fiscal year 2019, totaling \$245.8 million, including \$195.7 million in unrestricted general funds, \$30.6 million in designated general funds and \$19.5 million in other fund sources. I am committed to a responsible budget that provides for essential mental health services to the public. I am encouraged to see that the legislature shares this vision and has funded the FY2019 comprehensive mental health program contained in this bill.

Sincerely,

/s/

Bill Walker
Governor

SB 142

Message dated June 13 was received stating:

Dear President Kelly:

I have signed, with line item vetoes, the following bill passed during the second session of the Thirtieth Alaska State Legislature and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

HOUSE CS FOR CS FOR SENATE BILL NO. 142(FIN)
am H "An Act making appropriations, including capital
appropriations, supplemental appropriations,
reappropriations, and other appropriations; amending
appropriations; making appropriations to capitalize funds;
and providing for an effective date."

Chapter No. 19, SLA 2018
[Effective Date: See Chapter]

As passed by the Legislature, HCS CSSB 142(FIN) AM H contains a total of \$1.6 billion, including unrestricted general fund appropriations of \$212.1 million for FY2018 and FY2019 capital projects and \$104.9 million for FY2018 and FY2019 operating appropriations. The bill prioritizes funding for projects that leverage federal and local dollars; housing and energy; public safety; and urgent state, school district, and university facilities maintenance. Spending must be taken in context of the fiscal deficit and remaining savings given our difficult fiscal time. While progress has been made in closing the fiscal gap, an ongoing deficit persists, only enabling the state to afford this austere capital budget. Given this constrained capital budget, I have made limited use of my veto power.

I have vetoed \$2.5 million for the Knik Arm Crossing. This project is in the process of being closed-down and no significant progress can be made with the amount of funding authorized in this bill. I have also vetoed the repeal of a project installing pedestrian lighting in an Anchorage neighborhood. After the passage of this bill, it has been brought to our attention that this project has not been completed and the pedestrian lighting is needed in the community. This veto action will ensure this project remains funded.

While I commend you and your fellow legislators on working together with my staff to solve 80 percent of the state deficit over the past 3 years, our work is not yet finished. I look forward to future actions towards closing the remaining fiscal gap. Doing so will give Alaskans and investors greater certainty and confidence in Alaska's future.
