14 **Sec. 15.15.370. Completion of ballot count; certificate.** When the count of  
15 ballots is completed, and in no event later than the day after the election, the election  
16 board shall make a certificate in duplicate of the results. The certificate includes the  
17 number of votes cast for each candidate, for and against each proposition, yes or no on  
18 each question, and any additional information prescribed by the director. The election  
19 board shall, immediately upon completion of the certificate or as soon thereafter as the  
20 local mail service permits, send in one sealed package to the director one copy of the  
21 certificate and the register. In addition, all ballots properly cast shall be mailed to the  
22 director in a separate, sealed package. Both packages, in addition to an address on the  
23 outside, shall clearly indicate the precinct from which they come. Each board shall,  
24 immediately upon completion of the certification and as soon thereafter as the local  
25 mail service permits, send the duplicate certificate to the respective election

27 the state where distance and weather make mail communication unreliable to forward  
28 their election results by telephone [, TELEGRAM,] or radio. The director may

6 than 16 days after an election and shall be continued until completed. The director  
7 may designate the hours each day during which the state ballot counting review board  
8 is to conduct its ballot counting review. The director shall close the review when the  
9 director is satisfied that no missing precinct certificate of election would, if received,  
10 change the result of the election. If no election certificate has been received from a  
11 precinct, the director may secure from the election supervisors and may count a  
12 certified copy of the duplicate election certificate of the precinct. If no election  
13 materials have been received, but election results have been received by telephone [,  
14 TELEGRAM,] or radio, the director shall count the election results so received. If the  
15 director has reason to believe that a missing precinct certificate, if received, would  
16 affect the result of the election, the director shall await the receipt of the certificate  
17 until the close of business on the 15th day after the date of election. A certificate not  
18 actually delivered to the director by the close of business on the 15th day after the  
19 election may not be counted at the state ballot counting review.
