 If yes, by what date are the regulations to be adopted, amended or repealed? 07/01/19

Why this fiscal note differs from previous version/comments:

CSHB096(FIN) further reduces the billable amount for cost of providing services which is reflected in Governors Amended March 27, 2019. This fiscal note reflects the reduction in collectable revenue receipts and replaces it with General Funds.

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2019 LEGISLATIVE SESSION**Analysis**

CSHB096(FIN) sets in statute Alaska Pioneer Home rates, which are 29% less than the costs of providing Pioneer Home services. Under this legislation, the State will continue to subsidize the cost of services to all residents, including those with private pay ability. This will also increase the amount a resident keeps for incidentals which will increase the amount subsidized for residents on payment assistance.

The Pioneer Homes subsidize residents in two distinct ways. First, because no resident is invited to live in the home based on his or her ability to pay, a needs-based payment assistance program is in place to ensure that all elders can celebrate life through its final breath in the homes regardless of their income. Secondly, there is a general fund subsidy which funds the gap between charged rates and the actual cost to provide services. This subsidy applies to those who have the financial ability to pay more than the rates set by the homes. The bill proposes to increase rates to the Pioneer Homes but not to the level to cover the full cost of operating the facility. As such, an adjustment to both the Payment Assistance Program and the general fund subsidy is needed to fully fund the operations of the Pioneer Homes.

Given the information that Pioneer Homes management has on the financial position of residents, it is anticipated that \$19,615.5 general funds will be required to fund the gap between charged rates and the full cost of services for the residents on private-pay. For the elders who require payment assistance, \$12,384.5 general funds will be required to support the rates as proposed in HB96.
