FISCAL NOTE ANALYSIS

STATE OF ALASKA
2019 LEGISLATIVE SESSION**Analysis**

This legislation will change the amount a vessel owner may be reimbursed by the Fishermen's Fund. Currently vessel owners may be reimbursed the lower of 50% of their protection and indemnity (P&I) insurance deductible or \$5,000 per claim. Under this legislation, vessel owners may be reimbursed the lower of 100% of their P&I insurance deductible or \$5,000.

The department projects that this will increase liability to the Fishermen's Fund by \$16,100 per fiscal year. This projection is based on an average for these types of claims filed between FY14 and FY17 of seven claims per year at an average cost per claim of \$2,300. Assuming that \$2,300 is 50% of the deductible then the total would be \$4,600. Under this scenario, the cost increase to the Fishermen's Fund would be \$2,300 per claim for a total of \$16,100 per year. There is sufficient revenue in the Fishermen's Fund to cover this increased liability.
