## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2020 LEGISLATIVE SESSION**Analysis****Background**

Section 155 of the bill would extend the existing tax on wine of \$2.50/gallon to holders of a winery direct shipment license. The winery direct shipment license is a new license type that would be created by this bill. Under current statutes, direct shippers of alcoholic beverages do not have a tax filing or payment obligation--currently, the excise tax on alcoholic beverages is paid only by businesses that have a physical presence in the state.

**Revenue Impact**

The Tax Division has consistently collected around \$2.4 million in taxes on wine over the past several years. Extending the tax to out-of-state, direct shippers of wine would have a positive effect on tax revenues. However, the Tax Division does not have data on direct shipments of wine, therefore, the change in tax revenue is indeterminate.

**Implementation Cost**

This legislation would require the Department of Revenue to update its Tax Revenue Management System (TRMS) and Revenue Online (ROL) which allows a taxpayer to file a return online. The update would consist of reprogramming both systems, updating the return rules in TRMS, and testing both systems thoroughly to verify that they function as expected. We would also need to update the current tax return forms and update existing regulations. The estimated capital figure of \$50.0 in FY21 is to cover the costs of having our contractor update the two systems. We do not anticipate any continuing costs or additional staff needs. After the implementation of the changes, this legislation would cause only a small additional administrative burden on the Tax Division.
