Chair Stedman stated that the meeting would most likely be short and that there would likely be an additional meeting later in the day.

Chair Stedman reminded the committee how objections would be handled. If there was an objection, the committee would make note of the item and set it aside. The committee would continue to go through the other items in the department, adopt them, and then come back to any item that had an objection. Chair Stedman informed that the committee would be addressing open items in HB 205 based on the motion sheets distributed to members and dated March 26th on the Departments of:
