IN THE LEGISLATURE OF THE STATE OF ALASKA

THIRTY-SECOND LEGISLATURE - SECOND SESSION

**BY SENATOR REINBOLD**

**Introduced: 2/22/22**

**Referred: Transportation**

**A RESOLUTION**

1 **Urging the Canadian government to honor individual medical and religious rights by**  
2 **granting passage through Canada without discrimination to all United States citizens,**  
3 **including truck drivers, regardless of COVID-19 vaccination status, for the purpose of**  
4 **delivering goods to the United States.**

5 **BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

6 **WHEREAS** the people of Alaska depend on the route through Canada for travel to  
7 the contiguous states of the United States and to transport goods through Canada; and

8 **WHEREAS** the legislature supports avoiding any disruption of the supply chain,  
9 which is critical to the economy and welfare of the state and the welfare of its people; and

10 **WHEREAS** because many citizens, including truck drivers who deliver food and  
11 goods, will legally decline the COVID-19 vaccine for a variety of reasons, the COVID-19  
12 vaccine mandate will increase the food insecurity for citizens of this state, as well as of the  
13 citizens of the other states in the United States and the provinces of Canada; will increase  
14 costs; and will jeopardize the jobs and well-being of individuals and families; and

15 **WHEREAS** the COVID-19 vaccine mandate will cause a decrease in the number of

1 employed truck drivers at a time when a shortage of qualified and experienced truck drivers  
2 already exists, and many commercial truck drivers will choose to stop driving because of the  
3 COVID-19 vaccine mandate; and

4 **WHEREAS** a decrease in the number of employed truck drivers would cause a severe  
5 interruption in the supply chain affecting the flow of necessities, including food, medical  
6 supplies, and other critical items; and

7 **WHEREAS** the COVID-19 vaccine may be contraindicated for a variety of reasons,  
8 including medical conditions; and

9 **WHEREAS** the long-term side effects of the COVID-19 vaccine are unknown; and

10 **WHEREAS** constitutional religious liberties must be honored, and, under state law,  
11 an individual may decline a vaccination for any reason, including religious beliefs; and

12 **WHEREAS** the Canadian and United States governments are urged to recognize the  
13 value of natural immunity and that, based on clinical studies, many Canadians and United  
14 States citizens now likely have superior immunity to COVID-19 because those citizens have  
15 recovered from COVID-19; and

16 **WHEREAS**, in 1942, in An Exchange of Notes Between Canada and the United  
17 States Recording an Agreement Providing for the Construction of a Military Highway to  
18 Alaska, the Canadian government and United States government agreed that "at the  
19 conclusion of the war that part of the highway which lies in Canada shall become in all  
20 respects an integral part of the Canadian highway system, subject to the understanding that  
21 there shall at no time be imposed any discriminatory conditions in relation to the use of the  
22 road as between Canadian and United States civilian traffic";

23 **BE IT RESOLVED** that the Alaska State Legislature urges the Canadian government  
24 to honor individual medical and religious rights by granting passage through Canada without  
25 discrimination to all United States citizens, including truck drivers, regardless of COVID-19  
26 vaccination status, for the purpose of delivering goods to the United States.

27 **COPIES** of this resolution shall be sent to the Honorable Joseph R. Biden, President
