FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION**Analysis**

This bill changes the definition of consent as it relates to sex assault allegations and changes the classification and definition of sexual abuse against a minor. This change to the way sexual assault is defined will have significant impacts on the way sexual assault cases are litigated. Additionally, this bill creates a new felony related to sex by fraud.

Cases, like sexual assault cases, with increased penalties and higher charging levels require more litigation throughout all stages of litigation, but particularly increase jury trials, contested hearings, and post-conviction litigation. Both the resources needed to litigate these cases, and the associated workload, can be expected to increase with this statutory change. The Department of Law has provided an estimate on their staffing needs related to this legislation in their fiscal note dated 3/19/21. The Public Defender Agency anticipates at least a commensurate increase in workload and increasing costs for the Agency related to the litigation of these cases. The Agency is therefore requesting six attorneys, two investigators, one paralegal, and one law office assistant in FY2023 and beyond. Travel, contractual support, and supplies costs that typically accompany these positions are also included in this analysis.
