FISCAL NOTE ANALYSIS

STATE OF ALASKA
2021 LEGISLATIVE SESSION

BUDGET

Analysis

The Division of Retirement and Benefits (the Division) anticipates no fiscal impact to the AlaskaCare employee and retiree medical plans.

The Division will establish data feeds to submit payment and other data for the AlaskaCare health plan medical, pharmacy, and health-care related claims to an external all-payer claims database (ACPD). This assumes such feeds would occur no more frequently than once per month and the reporting requirements would be inline with industry standards. Establishing and maintaining feeds from multiple third-party claims administrators to authorized external entities as directed by the Division is anticipated to incur minimal fees. These costs have been allocated within the existing contract fee schedule and can be absorbed within the current budget. The Division anticipates the need for legal review and advice during the initial setup which is a standard part of normal business operations and is not anticipated to have a budgetary impact.
