FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION

Analysis

This bill provides the Alaska Commission on Postsecondary Education (Commission) with a number of authorities that will allow the Commission to better meet Alaskans' student loan needs, and thus is expected to increase the origination of loans funded by the Alaska Student Loan Corporation (Corporation).

The new authorities are:

- Amend AS 14.43.122(b) by expanding the population eligible to apply for Alaska Refinancing Loans to include previous Alaska borrowers and graduates from Alaska high schools and postsecondary institutions, as well as current Alaska residents.
- Amend AS 14.43.173(a) by eliminating the loan maximums in statute and providing for the Corporation to set the annual loan maximums, in order to be more responsive to the needs of Alaska students and higher education institutions, especially when tuition costs change.
- Amend AS 14.43.173(b) by eliminating lifetime loan maximums in statute and providing for the Corporation to set lifetime loan maximums, in order to be more responsive to the needs of Alaska students and higher education institutions, especially when tuition costs and annual loan limits change.
- Amend AS 14.43.173(d) by making conforming changes to allow the Corporation to set loan limits for both half-time and full-time loans.
- Amend AS 14.43.175 by providing for the Commission to offer future student loan borrowers a loan program with immediate repayment requirements. Such a loan would reduce costs for student borrowers because interest would not be deferred and capitalized. Such a loan would be an option new student borrowers could choose to apply for to lower costs and would not impact current borrowers.

This bill is not anticipated to increase agency operating costs. There is no fiscal impact to the Commission as a result of this legislation.
