FISCAL NOTE ANALYSIS

STATE OF ALASKA
2021 LEGISLATIVE SESSION**Analysis**

This legislation temporarily allows professionals who would otherwise be required to hold a license under AS 08.64 (Medical Board) or AS 08.68 (Board of Nursing) to practice telehealth/telemedicine on patients located in Alaska. This measure allows physicians, physician assistants, and nurses who are licensed and in good standing in other jurisdictions to temporarily bypass the licensing processes of the Division of Corporations, Business, and Professional Licensing (CBPL). It does not allow a provider physically present with the patient to provide care in Alaska if they do not hold an Alaska license, nor does it allow for unlicensed practice.

CBPL does not anticipate fiscal impact from this legislation.

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065 so the total amount of revenue collected approximately equals the occupation's actual regulatory costs.
