## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2021 LEGISLATIVE SESSION**Analysis**

The bill extends the January 15, 2021 Declaration of a Public Health Disaster Emergency to March 15, 2021.

This bill will do the following:

- Extend the public health disaster emergency period to March 15, 2021 or until the commissioner of health and social services certifies that there is no longer an outbreak of COVID-19 or an imminent threat of an outbreak in the State of Alaska whichever is earlier.
- Add a section approving a financing plan for the declaration of a public health emergency issued by the governor on January 15, 2021.
- Require a monthly report to the Legislature that lists the expenditures used to cope with the public health disaster emergency, identifies all actions taken by the Governor, Department of Health and Social Services (DHSS), Department of Veterans and Military Affairs, and other state agencies directly related to the prevention, control, and status of COVID-19 cases.
- Allow the DHSS Commissioner to waive any state law or regulation related to telehealth or telemedicine if compliance would substantially prevent or impede health care services.

The Department anticipates there could be additional costs incurred due to the unknowns of COVID-19 if the federal and state disaster declarations do not terminate at the same time. The Department projects this to be an unlikely scenario; therefore the Department submits a zero fiscal note.

The bill is effective immediately and retroactive to February 14, 2021.
