FISCAL NOTE ANALYSIS

STATE OF ALASKA
2021 LEGISLATIVE SESSION

-

Analysis

This bill addresses funding for correspondence programs operated by school districts (both district and statewide programs) by amending AS 14.17.140(b)(1)(C), Public school funding, and AS 14.17.430, State funding for correspondence student.

This bill provides for the following changes to the Public School Funding Formula (Foundation Formula) as it pertains to correspondence students:

- (1) Moves the correspondence student average daily membership (ADM) from the end of the Foundation Formula, when determining basic need, so correspondence students are eligible for the special education and career and technical education multipliers; and
- (2) Changes the weight of a correspondence student ADM from 90 percent to the actual ADM, as submitted.

This change is projected to cost the State of Alaska approximately \$35.5 million, starting in FY2022, and is based on the FY2022 projected correspondence ADM count of 18,798.30.

Page 3 of this fiscal note provides the funding breakdown of the projected increase by school district. This change impacts only 32 of the 54 school districts, as not all school districts operate a district and/or statewide correspondence program.

The effective date of this bill is July 1, 2021 (FY2022).
