Lord, In Your mercy hear our prayer.

Thank you for the opportunity to serve in the people's branch, the legislature. Please help us to tend to both the cries of those in need of assistance and those who strive for independence wanting to reduce government dependency for a brighter future.

Help us to take heed wisely and make informed decisions on behalf of Alaskans.

For the youth that are facing uncertainty and confusion away from their friends with the social distancing and barrier of masks, please provide them a positive path forward, uplift their hearts and minds with Your positive source of energy.

For the elderly that are feeling isolated please provide them comfort and open the doors for a human touch and compassion. For the sick amongst us including those with COVID and the governor who is in quarantine, please provide natural remedies and interventions to heal their bodies and the ability to be comforted by their loved ones.

**Introduction and Reference of Senate Bills****SB 87**

SENATE BILL NO. 87 BY THE SENATE RULES COMMITTEE BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to credit for reinsurance; and providing for an effective date."

was read the first time and referred to the Labor and Commerce Committee.

The following fiscal information was published today:

Fiscal Note No. 1, zero, Department of Commerce, Community, and Economic Development

Governor's transmittal letter dated February 17:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill updating the insurance code to conform to changes in the credit for reinsurance model law adopted by the National Association of Insurance Commissioners (NAIC). This will ensure Alaska maintains its accredited status with the NAIC and improve nationwide uniformity in the regulation of insurance.

Reinsurance is a type of insurance that insurers purchase from other insurers to insure themselves, in all or in part, against contracted insurance risk. In doing so, insurers distribute risks among themselves. Credit for reinsurance is an accounting method that allows reinsurance to be treated as an asset.

This bill allows United States reinsurers easier financial access to qualified alien jurisdictions and assists in making the Alaska insurance market more competitive by allowing qualified and well-capitalized alien insurers to compete in United States' markets on a more equitable basis. Specifically, the bill makes changes to AS 21.12.020 Reinsurance Credit Allowed a Domestic Ceding Insurer, to conform our state insurance code to recent changes made in NAIC's reinsurance model law.

There are potentially severe consequences if the legislation and accompanying regulations are not adopted before September 2022. The Federal Office of Insurance (OIC) has negotiated a treaty with the European Union guaranteeing that each jurisdiction will enact the legislation. States risk significant loss of sovereignty in insurance regulation should the OIC begin a formal review and find that a jurisdiction is out of treaty compliance. In that instance, OIC could use federal legislation to preempt local laws across all jurisdictions.

The changes contained in this proposal will ensure that Alaska's insurance market remains competitive and current with national standards and accreditation.

Sincerely,

/s/

Mike Dunleavy  
Governor

**SB 88**

SENATE BILL NO. 88 BY THE SENATE RULES COMMITTEE  
BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to the state insurance catastrophe  
reserve account; and providing for an effective date."

was read the first time and referred to the Labor and Commerce and  
Finance Committees.

The following fiscal information was published today:

Fiscal Note No. 1, Department of Administration

Governor's transmittal letter dated February 17:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska  
Constitution, I am transmitting a bill relating to the State Insurance  
Catastrophe Reserve Account.

The State of Alaska, through its self-insurance program, maintains  
insurance coverage to protect state assets and operations, and adequate  
reserves to satisfy all foreseeable claims or judgements. The State  
Insurance Catastrophe Reserve Account was established in 1987 to  
obtain insurance, establish a self-insurance reserve, and to satisfy  
ongoing claims and judgments. When it was originally established, the  
account was primarily intended as a reserve against large catastrophic  
losses. However, because the reserve balance is capped at \$5,000,000,  
the State has been acquiring excess coverage on the market to  
adequately protect against catastrophic losses. Market forces have  
changed, insurance rates continue to increase, and it is no longer cost  
effective for the state to purchase excess insurance. The Reserve's  
balance is typically capitalized through lapsing appropriations at the  
end of the fiscal year. By increasing the statutory cap to \$50,000,000  
and slowly increasing the Reserve balance, the State will once again  
be able to fully self-insure against property losses. This change is  
estimated to save \$3 million the first year and up to \$6 million  
annually within four years.

This measure will provide the State flexibility, control, and cost savings in its self-insurance program.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Mike Dunleavy  
Governor

**SB 89**

SENATE BILL NO. 89 BY THE SENATE RULES COMMITTEE  
BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to house rules for assisted living  
homes."

was read the first time and referred to the Health and Social Services  
and Finance Committees.

The following fiscal information was published today:

Fiscal Note No. 1, zero, Department of Health and Social Services

Governor's transmittal letter dated February 17:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to house rules for assisted living homes.

The bill would bring Alaska law into compliance with recent Centers of Medicare and Medicaid Services changes related to home- and community-based services. These requirements ensure that assisted living homes provide care that is as close to independent community living as possible. The bill adds a citation to the Alaska Statutes related to setting house rules in assisted living homes. For example, assisted living settings may not adopt house rules that unreasonably restrict the right of one resident over the right of another resident.

Alaska statutes must be in compliance before March 2022 in order for the state to continue receiving federal reimbursements for home- and community-based waiver services.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Mike Dunleavy  
Governor

**SB 90**

SENATE BILL NO. 90 BY SENATOR MYERS, entitled:

"An Act relating to wills and the probate of wills; relating to the making, witnessing, self-proving, revocation, and probate of wills by electronic means; relating to the choice of law for execution of wills; relating to the certification of copies of wills; relating to the establishment of the validity of a will before death; and providing for an effective date."

was read the first time and referred to the Judiciary and Labor and Commerce Committees.

**SB 91**

SENATE BILL NO. 91 BY THE SENATE RULES COMMITTEE BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to the duties of the commissioner of corrections; relating to the detention of minors; relating to minors subject to adult courts; relating to the placement of minors in adult correctional facilities; and providing for an effective date."

was read the first time and referred to the Health and Social Services and State Affairs Committees.

The following fiscal information was published today:

Fiscal Note No. 1, zero, Department of Public Safety

Fiscal Note No. 2, zero, Department of Health and Social Services

Fiscal Note No. 3, zero, Department of Corrections

Governor's transmittal letter dated February 18:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to amending state law to bring the Division of Juvenile Justice into compliance with recent changes to federal law.

Specifically, in December 2018, the President signed the Juvenile Justice Reform Act (JJRA) that amends and reauthorizes the Juvenile Justice and Delinquency Prevention Act (JJDP Act) which is the principle law governing juvenile justice practices.

This bill brings state law into compliance with new JJRA requirements related to the detention and placement of juveniles under the age of 18 in adult jails or correctional facilities. These new federal requirements go into effect on December 21, 2021. Additionally, the proposal amends AS 47.10 to bring state law into compliance with JJRA provisions related to status offenders (runaways and missing children) being held in secure juvenile facilities without requisite court findings.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Mike Dunleavy

Governor

## **SB 92**

SENATE BILL NO. 92 BY THE SENATE RULES COMMITTEE  
BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to missing persons under 21 years of age."

was read the first time and referred to the Health and Social Services and State Affairs Committees.

The following fiscal information was published today:

Fiscal Note No. 1, zero, Department of Public Safety

Fiscal Note No. 2, zero, Department of Health and Social Services

Governor's transmittal letter dated February 18:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill updating the timeframes for reporting missing persons under the age of 21 to state and national databases.

Recent changes in Federal law require all law enforcement agencies to complete and transmit reports of missing persons under the age of 21 into the National Crime Information Center (NCIC) no more than two hours after a person has been reported missing. Time is of the essence in cases involving this vulnerable population in order to marshal quickly as many resources as possible to search for the missing person. Current state law gives law enforcement 24 hours to enter a missing person's report into the Alaska Public Safety Information Network (APSIN) and the NCIC, and only on persons under the age of 18. The bill amends AS 18.65.620 and AS 47.10.141 to bring state law in line with federal requirements, and to align with the current practice of Alaska's law enforcement agencies.

Persons under the age of 21 who go missing are at an increased risk of being harmed. It is crucial that reports are met with urgency. The bill will bring Alaska into federal compliance and ensure that we are leveraging state and national databases to bring these young people home safely.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Mike Dunleavy  
Governor
