**Fifty-first Day**

Pursuant to adjournment the Senate was called to order by President Micciche at 1:48 p.m.

The roll showed nineteen members present. Senator Shower was absent.

The prayer was offered by the Chaplain, Senator Kiehl. Senator Hoffman moved and asked unanimous consent the prayer be spread. Without objection, it was so ordered.

Baruch atah Adonai, Eloheinu Melech ha-olam,  
pokei-ach ivrim.

Blessed are you eternal G-d, Source of the universe, who opens the eyes of the blind.

Please G-d, open the eyes of those in positions to make decisions for our state and our communities – those who keep us safe, care for others, and treat the sick. Give them the peace of mind to be clear-eyed in their work.

Baruch atah Adonai, Eloheinu Melech ha-olam,  
malbisch arumim.

Blessed are you eternal G-d, who provides clothes for the naked.

In times of worry we are vulnerable. Just as you clothed us as we left the garden, please give all of us the protection we need to stay well – in body and in mind.

Baruch atah Adonai, Eloheinu ruach ha-olam, hameichin mitz-adei gaver.

Blessed are you eternal G-d, breath of the world, who makes firm each person's steps.

Please give the leaders in our state, our nation, and all nations the patience and the resolve to deal with difficult times in the way You would have us act.

Amen.

Senator Gray-Jackson led the Senate in the Pledge of Allegiance.

**Certification**

Senator Hughes moved and asked unanimous consent the journals for the forty-ninth and fiftieth legislative days be approved as certified by the Secretary. Without objection, it was so ordered.

The presence of Senator Shower was noted.

Senator Hughes moved and asked unanimous consent Senator Reinbold be excused from a call of the Senate today. Without objection, Senator Reinbold was excused.

Senator Stevens moved and asked unanimous consent that the Senate move down the calendar to Unfinished Business. Without objection, the Senate advanced to:

**Unfinished Business**

Senator Stevens cited art. II, sec. 12 of the Alaska Constitution and Mason's Manual of Legislative Procedure Secs. 560 and 561, and moved the Senate enforce Legislative Council's COVID-19 mitigation policies, granting authorization to Senate leadership to equally enforce these policies on all members of the Senate until they are fully compliant. This enforcement authorization includes the use of all Senate space and resources.

Senator Begich objected to the motion, then withdrew his objection.

The question being: "Shall the Senate Allow Leadership to Enforce Legislative Council Policies in All Senate and Capitol Spaces?" The roll was taken with the following result:

Allow Senate Leadership to Enforce  
Legislative Council Policies in All  
Senate and Common Capitol Spaces?

SENATE BILL NO. 103 BY THE SENATE RULES COMMITTEE  
BY REQUEST OF THE GOVERNOR, entitled:

"An Act repealing the Alaska Marine Transportation Advisory Board; establishing the Alaska Marine Highway System Operation and Planning Board; and providing for an effective date."

was read the first time and referred to the Transportation Committee.

The following fiscal information was published today:

Fiscal Note No. 1, zero, Department of Transportation and Public Facilities

Governor's transmittal letter dated March 9:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill repealing the Alaska Marine Transportation Advisory Board and establishing the Alaska Marine Highway Systems Operation and Planning Board.

In 2019, I established the Alaska Marine Highway Reshaping Working Group to deliver recommendations that would allow for the Alaska Marine Highway System to provide essential ferry services to Alaskan coastal communities in the future while reducing state General Fund support.

The Alaska Marine Highway Reshaping Working Group suggested starting fresh with the new Alaska Marine Highway Systems Operation and Planning Board. This restructured Board can provide the skills and experience of long-term operators, with an enhanced ability to increase revenue and reduce costs. Upon initial appointment, these members would serve staggered terms of one to five years. These terms will help the new board create and maintain institutional knowledge, as board membership could not be completely changed in a single administrative term after the members' initial appointment. This Board would also have a new duty – to prepare a long-term operations plan and provide an annual report on its implementation to

the governor, the legislature, and the public. The annual reports will address financial information, scheduling, maintenance, regulatory compliance, and other matters. The long-term operations plan should cover long-term marine transportation system objectives, planning assumptions, a timeline for major operations milestones, and new initiatives. The focus will be on initiatives that provide strategic and operational guidance for transportation systems of a similar size and complexity.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Mike Dunleavy

SENATE BILL NO. 104 BY THE SENATE RULES COMMITTEE  
BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to geothermal resources; relating to the definition of 'geothermal resources'; and providing for an effective date."

was read the first time and referred to the Resources and Finance Committees.

The following fiscal information was published today:

Fiscal Note No. 1, Department of Natural Resources

Fiscal Note No. 2, zero, Department of Natural Resources

Governor's transmittal letter dated March 9:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill revising statutes related to the State's geothermal resources.

Alaska's economic prosperity is dependent on our ability to continue to develop our tremendous energy resources. Geothermal is a rising star in Alaska's energy constellation. Geothermal harnesses heat from

the earth's core and can power commercial, industrial, and residential activities in some of Alaska's remotest areas. This bill encourages these activities by removing obstacles to exploration and development of Alaska's geothermal resources.

First, it modifies the definition of "geothermal resources." The current definition is defined as only those fluids hotter than 120 degrees Celsius, which ignores technological advances that make lower-temperature geothermal energy commercially viable. For example, Interior Alaska's Chena Hot Springs generates electrical power and supports a thriving visitor business with geothermal energy at approximately 80 degrees Celsius. The current definition also ignores growing non-commercial uses of heat energy, such as heat pumps relying on shallow subsurface pipes to heat or cool residential structures. This updated definition eliminates such arbitrary temperature and other restrictions, making geothermal development more attractive.

The bill also makes Alaska's geothermal energy a more lucrative target for investment by expanding to five years the current two-to-three-year window during which exploration companies must conduct background research, acquire surface use permits, and perform the field work needed to locate a resource and develop the data needed to convert an exploration permit (or license) to a lease supporting commercial development. This acknowledges the fact that geothermal resources tend to spread over larger acreages, by nearly doubling the acreage limit for geothermal exploration licenses to 100,000 acres. This will likely draw greater interest from developers grateful for the opportunity to economically explore and develop larger parcels.

Enactment will help Alaska continue to responsibly manage its natural resources, provide alternative energy sources in some of our most remote communities, grow the economy, and generate job creation.

I urge your prompt and favorable action on this measure.

Sincerely,  
/s/  
Mike Dunleavy
