

SENATE JOURNAL
ALASKA STATE LEGISLATURE
THIRTY-SECOND LEGISLATURE
FIRST SESSION

Juneau, Alaska

Wednesday

March 31, 2021

Seventy-second Day

Pursuant to adjournment the Senate was called to order by President Micciche at 11:10 a.m.

The roll showed eighteen members present. Senators Olson, von Imhof were excused from a call of the Senate.

The prayer was offered by the Chaplain, Delaney Thiele, staff to Senator Gray-Jackson. Senator Hoffman moved and asked unanimous consent the prayer be spread. Without objection, it was so ordered.

I pray in the name of the Creator, with a clear mind and open heart as we gather here today on Tlingit Aani, or Tlingit Land. Since time immemorial, the Indigenous peoples of Alaska have long come together in the face of adversity with strength and resilience. With our shared values of taking care of others, being good relatives, honoring our Elders, and showing respect to one another, Alaska Natives value the well-being of our community over all else. These values are exemplified today by all Alaskans and shape the work we do in the Capitol for our people. May we strive for progress, collaboratively working together despite our differences. May all of us continue to serve our people to the best of our ability. Amen.

Senator Revak led the Senate in the Pledge of Allegiance.

Certification

Senator Hughes moved and asked unanimous consent the journals for the seventieth and seventy-first legislative days be approved as certified by the Secretary. Without objection, it was so ordered.

Introduction and Reference of Senate Bills

SB 115

SENATE BILL NO. 115 BY SENATOR KIEHL, entitled:

"An Act relating to confidentiality of information; relating to the duties of the Department of Administration; creating an address confidentiality program; and providing for an effective date."

was read the first time and referred to the State Affairs, Judiciary and Finance Committees.

SB 116

SENATE BILL NO. 116 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act establishing the Consumer Data Privacy Act; establishing data broker registration requirements; making a violation of the Consumer Data Privacy Act an unfair or deceptive trade practice; and providing for an effective date."

was read the first time and referred to the Labor and Commerce and Finance Committees.

The following fiscal information was published today:

Fiscal Note No. 1, Department of Law

Fiscal Note No. 2, Department of Commerce, Community, and Economic Development

Governor's transmittal letter dated March 30:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill significantly strengthening the privacy of Alaskans' personal information.

The Consumer Data Privacy Act creates a new set of consumer privacy rights to protect personal and sensitive information. The bill provides Alaskans with the right to know when businesses are collecting personal information, what information is being collected, the right to request collected personal information be deleted, and the right to prevent businesses from selling their personal information.

In 2018, it was disclosed that Facebook has shared access to users' data with other tech firms, including Amazon, Apple, Microsoft, Netflix, and Spotify. Examples given by the New York Times include

allowing others' products the ability to read users' private messages and to see the names, contact details, and activities of their friends. These revelations follow a series of scandals including the Cambridge Analytica data harvest, evidence of meddling in U.S. affairs, and several data-exposing bugs. Facebook maintained they are not selling user data, but we must challenge that claim and ensure consumers can determine what is done with their personal data.

Article I, Section 22, of the Alaska Constitution provides one of the strongest individual rights to privacy in the nation. While technology continues to bring convenience and utility to our lives, those benefits can come at the expense of our personal privacy. The Consumer Data Privacy Act will help ensure Alaskans determine how their personal data is used in today's marketplace.

The bill generally applies to businesses with gross revenues of \$25,000,000 or more, those that bought or disclosed personal information of 100,000 or more persons or households, or that sold the personal information of a consumer, household, or device in the last year. The bill prevents businesses from disclosing the personal information of minors under the age of 13 to a third party and from disclosing or selling the personal information of a minor older than 13 without the consent of a parent or guardian.

In addition, the bill requires data brokers to register with the Department of Commerce, Community, and Economic Development and to provide consumers a clear online link by which they can exercise their rights under this act.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Mike Dunleavy

SB 117

SENATE BILL NO. 117 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to the state procurement code; establishing the construction manager general contractor procurement method; and providing for an effective date."

was read the first time and referred to the State Affairs and Transportation Committees.

The following fiscal information was published today:

Fiscal Note No. 1, zero, Department of Transportation and Public Facilities

Governor's transmittal letter dated March 30:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill amending the State Procurement code to authorize construction manager general contractor (CM/GC) procurement contracts.

The Department of Transportation and Public Facilities (DOT&PF) has been using the CM/GC contracting methodology under the State's existing innovative procurement statute AS 36.30.308 over the 15 fifteen years. CM/GC allows a contractor to be awarded a two-phase contract to provide both the preconstruction and construction phases of a project. Since this style of procurement does not fit the State's existing statutory procurement framework, each two-phase contract has had to follow the innovative procurement guidelines in statute. Under that methodology, DOT&PF must submit an "innovative procurement" request to the Department of Law for each CM/GC contract it solicits, even though each procurement follows a similar process. CM/GC is included in Federal Highway Administrative regulations, other states' regulations, and is a common and accepted practice in the construction industry.

This bill modernizes Alaska's procurement code to include the CM/GC methodology. This will improve and clarify our procurement process, help avoid unnecessary administrative delays, and allow the department to more quickly improve Alaska's roads, highways, and other critical infrastructure.

I urge your prompt attention to this measure.

Sincerely,

/s/

Mike Dunleavy

Governor
