Dear God, I thank you for the privilege of praying for these people working for the good of our state. They have many issues before them that effect many lives both in the present and in the future. I pray this day as with all the days that follow, for your divine help as they pour through legislation, make decisions, and seek resolutions to the challenges that lay before them. I pray that in the challenges they face you will show them the path through those challenges.

I pray for their staff and all the workers here in our state capitol. Bless their work. Bless their day and bless each of them and their families. I thank you for them and appreciate all the work behind the scenes they do to keep things running smoothly. And Lord, I thank you for Your love and grace available to all who call on Your name.

I thank you that You love and care about what happens in these meetings and in the lives of every person here. May they know your love and grace to help and guide them through these days of both challenge and opportunity. I pray this in the name of Jesus, my Savior, Amen.

Senator Holland led the Senate in the Pledge of Allegiance.

Governor's transmittal letter dated March 23:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the modernization of state money transmittal laws.

This bill would modernize Alaska's money transmission laws through adoption of pertinent sections of the Uniform Money Transmission Modernization Act (Model Law), which was developed by the Conference of State Bank Supervisors (CSBS) with input and participation from industry stakeholders. Among other changes, the proposed bill would amend the Uniform Money Services Act (AS 06.55) to allow regulation of transmission of virtual currency, eliminate currency exchange as a separate license type, and clarify regulation of payroll processing.

Adoption of this bill would allow the Department of Commerce, Community, and Economic Development (DCCED) to protect Alaskan consumers through regulation of virtual currency transmission. The Uniform Money Services Act was adopted in 2008 before internet-based fintech business models, virtual currencies and mobile phone applications were regularly in use. Today, virtual currency transmission accounts for over \$2.3 billion annually, nearly one-third of money transmission volume in Alaska. In 2021, it grew by 2,420 percent. Since 2019, it has grown 6,782 percent. Expanding the current law to include cryptocurrency will close a significant loophole, protect consumers, and ensure the safety and soundness of the businesses interacting with Alaskans. Recent and reasonably foreseeable geopolitical events make regulating virtual currency even more important.

Adoption of key components of the Model Law will also allow DCCED to coordinate with other states while more effectively utilizing state resources. This change would benefit licensees by adopting a standardized nationwide multistate licensing process.

I urge your prompt and favorable action on this measure.

Sincerely,  
/s/  
Mike Dunleavy

SENATE BILL NO. 239 BY THE SENATE RULES COMMITTEE  
BY REQUEST OF THE GOVERNOR, entitled:

"An Act approving and ratifying the sale of royalty oil by the State of Alaska to Petro Star Inc.; and providing for an effective date."

was read the first time and referred to the Resources and Finance Committees.

The following fiscal information was published today:  
Fiscal Note No. 1, Department of Natural Resources

In accordance with AS 38.06.050 and AS 38.05.183, a report of the final best interest finding and determination for the sale of royalty oil was transmitted.

Governor's transmittal letter dated March 23:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to approval and ratification of the sale of royalty oil by the State of Alaska to Petro Star Inc. (Petro Star).

The Commissioner of the Department of Natural Resources (DNR) has determined that it is in the best interest of the State to take royalty oil in-kind from leases on the North Slope. To this end, DNR has negotiated a proposed contract titled “Agreement for the Sale of Royalty Oil between and among the State of Alaska, Petro Star Inc., and Arctic Slope Regional Corporation” (Proposed Contract). The bill would approve and ratify the Proposed Contract.

The Proposed Contract obligates the State to deliver to Petro Star 12,500 barrels per day (bpd) between January 1, 2023, and December 31, 2024 (years one and two of the contract), and between 10,000 bpd and 12,500 bpd between January 1, 2025, and December 31, 2027 (years three to five of the contract). Based on monthly average forecasts, Petro Star’s nominations under the Proposed Contract could represent 19 percent to 22 percent of the State’s North Slope royalty oil. The State will receive a price for its royalty oil that will equal or exceed the price it would have received had it elected to keep its royalty in-value. In total, the Proposed Contract is expected to net the State roughly \$17 to \$19.8 million in revenue above what the State would receive by taking the royalty in-value.

The State currently sells royalty oil to Petro Star under a one-year contract, which, due to its short duration, did not require legislative approval. The current contract terminates on December 31, 2022. The Proposed Contract would take effect on January 1, 2023 and terminate on December 31, 2027.

This bill is the culmination of diligent analysis and public process that are imperative for responsible resource stewardship. The Department and the Alaska Royalty Oil and Gas Development Advisory Board (Board) considered the fiscal, economic, societal, and environmental impacts and benefits of the agreement. DNR issued a Final Best Interest Finding and Determination on the agreement that included analysis of the factors for the sale of royalty oil in AS 38.05.183. The Department did not receive any comments from the public on the sale during the public comment period that ended on March 2, 2022. Additionally, the Board held two public hearings on the sale. In accordance with AS 38.06.050, the Board voted to approve a written recommendation and report on March 9, 2022, recommending legislative approval of the agreement.

The bill would allow the State to obtain the maximum value for its royalty oil. I urge your prompt and favorable action on this measure.

Sincerely,

/s/

SENATE BILL NO. 240 BY THE SENATE RULES COMMITTEE  
BY REQUEST OF THE GOVERNOR, entitled:

"An Act approving and ratifying the sale of royalty oil by the State of Alaska to Marathon Petroleum Supply and Trading Company LLC; and providing for an effective date."

was read the first time and referred to the Resources and Finance Committees.

The following fiscal information was published today:

Fiscal Note No. 1, Department of Natural Resources

In accordance with AS 38.06.050 and AS 38.05.183, a report of the final best interest finding and determination for the sale of royalty oil was transmitted.

Governor's transmittal letter dated March 23:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to approval and ratification of the sale of royalty oil by the State of Alaska to Marathon Petroleum and Trading Company LLC (Marathon).

The Commissioner of the Department of Natural Resources (DNR) has determined that it is in the best interest of the State to take royalty oil in-kind from leases on the North Slope. To this end, DNR has negotiated a proposed contract titled "Agreement for the Sale of Royalty Oil between and among the State of Alaska, and Marathon Petroleum Supply and Trading LLC, a Delaware Limited Liability

Company and Marathon Petroleum Corporation, a Delaware Corporation” (Proposed Contract). This bill would approve and ratify the Proposed Contract.

The Proposed Contract obligates the State to deliver between a minimum of 10,000 barrels per day (bpd) and a maximum of 15,000 bpd to Marathon. Based on yearly average forecasts, Marathon’s nominations under the Proposed Contract could represent 15 percent to 31 percent of the State’s North Slope royalty oil. The State will receive a price for its royalty oil that will equal or exceed the price it would have received had it elected to keep its royalty in-value. In total, the Proposed Contract is expected to net the State roughly \$3 to \$13 million in revenue above what the State would receive by taking the royalty in-value.

The State currently sells royalty oil to Marathon under a one-year contract, which, due to its short duration, did not require legislative approval. The current contract terminates on July 31, 2022. The Proposed Contract would take effect on August 1, 2022 and terminate on July 31, 2025.

The bill is the culmination of diligent analysis and public process that are imperative for responsible resource stewardship. DNR and the Alaska Royalty Oil and Gas Development Advisory Board (Board) considered the fiscal, economic, societal, and environmental impacts and benefits of the agreement. In accordance with AS 38.06.050, the Board voted to approve a written recommendation and report on March 9, 2022, recommending legislative approval of the agreement.

This bill would allow the State to obtain the maximum value for its royalty oil. I urge your prompt and favorable action on this measure.
