2 Insert a new section to read:

3 "Sec. 41.06.200. Seismic activity monitoring. Each year, the commission
4 shall hire a contractor to conduct a report of seismic activity in the state during the
5 preceding year. The commissioner shall submit the report to the senate secretary and
6 the chief clerk of the house of representatives and notify the legislature that the report
7 is available. If the report concludes that seismic activity in the state in the preceding
8 year increased when compared against the year before the preceding year, then,
9 notwithstanding AS 41.06.120 - 41.06.135, the commission may not issue a new
10 permit until the commissioner determines that the increase in seismic activity is not
11 attributable to carbon storage."
