

AMENDMENT #1

OFFERED IN THE HOUSE
TO: HCS SB 46(STA)

BY REPRESENTATIVE EASTMAN

1 Page 2, following line 3:

2 Insert new paragraphs to read:

3 "(3) acquired brain injuries, which often result from strokes, anoxia,
4 drug and alcohol abuse, problematic pornography use, and infectious diseases, are
5 largely preventable;

6 (4) perinatal brain injuries, including intrauterine fetal traumatic brain
7 injuries, often occur while a fetus is still in the womb and may result from intrauterine
8 infections, domestic violence, and alcohol exposure, and are largely preventable;"

9

10 Renumber the following paragraphs accordingly.
