Approved By:	Josephine Stern, Assistant Commissioner	Date:	04/26/24
Agency:	Department of Health		

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2024 LEGISLATIVE SESSION**Analysis**

This bill establishes a board to investigate and report on the wages, workforce, and working conditions for personal care services, hourly respite, and chore services.

The bill requires the board to meet at least three times annually and produce a biennial report of their findings and recommendations to the Commissioner of the Department of Health. The commissioner can accept or reject the recommendations but must provide written explanation of rejections to the board and to the legislative committees that oversee health and social services. Rejections due to budgetary constraints require additional work with the Office of the Governor and the Legislature to develop a budget proposal so that the recommendations can be accepted.

The bill requires that the biennial report be published on the department's website. The bill also requires that an annual report be published on the department's website containing information about the mean and median wages for personal care services, hourly respite, and chore services by agency.

Regulations will be needed to compel agencies to provide wage information for the public reporting requirements.

The department submits an indeterminant fiscal note at this time; the costs associated with the implementation of this bill will be driven by the board and their biennial report and whether their recommendations for rate changes are accepted or rejected.
