Approved By:	Hannah Lager, Administrative Services Director	Date:	02/24/2023
Agency:	Commerce, Community, and Economic Development		

## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2023 LEGISLATIVE SESSION**Analysis**

This legislation removes Alaska-licensed veterinarians from the requirement to register with the state's controlled substance prescription database, commonly referred to as the Prescription Drug Monitoring Program (PDMP). Veterinarians would be removed from the requirement to review the prescription history of the animal's owner/caregiver in the PDMP before prescribing, administering, or dispensing a federal schedule II or III controlled substance. The reporting requirement for submitting data on a controlled substance on the federal Drug Enforcement Agency's schedule II or III to the PDMP would also be removed. There is no direct cost to the licensee as a result of the PDMP. All costs related to the PDMP are covered by several grants with the Department of Health.

Under AS 17.30.200(d)(3), optional access by veterinarians would be permitted. On May 19, 2020 the Board of Veterinarians adopted regulations to require the registration of veterinarians with the PDMP database under AS 17.30.200. These regulations would need to be repealed.

If the bill passes the following expenses will be incurred: Services: \$1.4 (printing, postage, and legal costs for regulations project to conform with statutory changes)

*Professional licensing programs within the Division of Corporations, Business and Professional Licensing are primarily funded by receipt supported services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each program are set per AS 08.01.065 so the revenue collected approximately equals the occupation's actual regulatory costs.*
