FISCAL NOTE ANALYSIS

STATE OF ALASKA
2023 LEGISLATIVE SESSION**Analysis**

This bill raises the minimum age for an individual to purchase, sell, exchange, or possess products containing tobacco, nicotine, or an electronic smoking product from 19 years of age to 21 years of age. It also adds internet sales to the list of restrictions for selling products containing tobacco, nicotine, or an electronic smoking product.

The bill adds electronic smoking products to the list of items a licensee under Alaska Statute (AS) 43.50 may not sell if the license is suspended or revoked. It also requires persons or common/contract carriers to verify an individual's age prior to shipping cigarettes to the person, and that the person be licensed under AS 43.50. It creates a new class A misdemeanor crime for shipping tobacco products in violation of the requirements outlined in this bill, and a class A misdemeanor for unlawfully shipping, causing to be shipped, or transports an electronic smoking product.

The Department of Public Safety, Division of State Troopers is responsible for enforcing state law. While this bill does create two new class A misdemeanor crimes, the department does not anticipate a fiscal impact and is therefore submitting a zero dollar fiscal note.
