FISCAL NOTE ANALYSIS

STATE OF ALASKA
2024 LEGISLATIVE SESSION

Analysis

This legislation would expand the telehealth provisions allowed to out-of-state physicians under AS 08.02.130 to apply to members of the out-of-state physician’s multidisciplinary care team so that those members can also provide telehealth services to Alaska patients under the circumstances listed in that section without obtaining an Alaska license. While the out-of-state physician is subject to disciplinary action by the State Medical Board, all members of the team would be subject to disciplinary action by the Department of Commerce, Community, and Economic Development. This bill creates new sections that provide the grounds for disciplinary sanctions against these team members and what those disciplinary sanctions can be.

If this legislation passes one full-time regular Investigator 3 will be required to take on investigations of complaints on unlicensed multidisciplinary care team members.

Personal Services:	\$114.3 for one permanent full-time Investigator 3, R18, Anchorage
Travel:	\$10.0 training and investigative travel
Services:	\$25.0 for core services – per position, per year
Commodities:	\$10.0 for one-time set up costs – per position (FY2025 only)

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are primarily funded by Receipt Supported Services fund source – 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065. The total amount of revenue collected approximately equals each occupation’s actual regulatory costs.
